Introduction

After having inserted the batteries, your **TelstraClear** remote is ready to operate your **TelstraClear** digital television decoder. In addition to this, your **TelstraClear** remote gives you the possibility to control your television and DVD/VCR player/recorder.

The Batteries

Remove the battery cover from the back of your **TelstraClear** remote.

Your **TelstraClear** remote requires 2 new AA alkaline batteries. Match the batteries to the (+) and (-) marks inside the battery compartment, then insert the batteries.

Press the battery cover back into place.

Set-up the TelstraClear remote to control your television

- 1**  **Find the brand of your television in the Set-up Code section and select the first 4 digit code in the list. Switch on your TV (not on standby).**

- 2**  Press the **TV** key and release it.

- 3**  **Press and hold down** the  key until the red LED underneath the TV key lights up twice.

- 4**  Enter the **4-digit code** for your television (the red LED should light up twice after having entered the fourth digit).

- 5**  Press the **Power** key and see if you are able to switch off your television.

If your television does not respond, repeat steps 1 to 5 with each code listed for your brand. If none of the codes listed for your brand operate your television, or if your brand is not listed, try the code search described on page 10.

- 6** Switch your television back on by pressing a number key (or CH+) and check if all the functions are working correctly.

- 7** Write down the code for your television on the inside of the battery cover and on page 11 for quick easy reference.

Important:

- If there are some functions that are not working, repeat steps 1 to 5 with each code listed for your brand or try the code search described on page 10, as you may be using the wrong code.

Set-up the TelstraClear remote to control your DVD/VCR player/recorder

-  **Find the brand of your DVD/VCR in the Set-up Code section and select the first 4 digit code in the list. Switch on your DVD/VCR (not on standby).**
-  Press the **DVD** key and release it.
-  **Press and hold down** the  key until the red LED underneath the **DVD** key lights up twice.
-  Enter the **4-digit code** for device (the red LED should light up twice after having entered the fourth digit).
-  Press the **Power** key and see if you are able to switch off your device.

If your device does not respond, repeat steps 1 to 5 with each code listed for your brand. If none of the codes listed for your brand operate your device, or if your brand is not listed, try the code search described on page 10.
- Switch your device back on by pressing a number key (or CH+) and check if all the functions are working correctly.
- Write down the code for your device on the inside of the battery cover and on page 11 for quick easy reference.

Important:

- If there are some functions that are not working, repeat steps 1 to 5 with each code listed for your brand or try the code search described on page 10, as you may be using the wrong code.
- If your device does not have a POWER key, press PLAY during step 5.

Code search

If your device does not respond to the **TelstraClear** remote after having tried all the codes listed for your brand, you can try the Code search. During the Code search you will run through every available code in the **TelstraClear** remote library. This method may also work if your brand is not listed at all.

Example: To search for your **television** code.

- 1 Make sure that your television is switched on.
- 2  Press the **TV** key and release it.
- 3  **Press and hold down** the  key until the red LED (underneath the TV key) lights up twice.
- 4    Press **9 9 1**. The red LED will light up twice.
- 5 Aim the **TelstraClear** remote at your device.
- 6  Next press **power**.
- 7  Aim the **TelstraClear** remote at your Television. Now press **CH+** over and over, until your Television turns off.

*Every time you press the **CH+** key the **TelstraClear** remote will send out a **POWER** signal from the next code contained in the **TelstraClear** library).*

You may have to press this key many times (up to 150 times) so please be patient. The Code search can take approximately 15 minutes.

*If you skip past a code, you can go to the previous code(s) by pressing the **CH-** key. Remember to keep pointing the **TelstraClear** remote at your device during the Code search.*
- 8  As soon as the device switches off, **press**  to store this code.

Important:

- Press the corresponding device key when doing a Code search. If your device does not have a **POWER** key, press **PLAY** instead during step 6.

Blink out your code

By blinking out you code you can determine which code is actually working for your device.

Example: To blink back the code for your **television**.

-  Press the **TV** key and release it.
-  **Press and hold down** the  key until the red LED (underneath the TV key) lights up twice.
-  Press **9 9 0**. The red LED (underneath the TV key) will light up twice.
-  Press **1** and count how many times the LED lights up. If it does not light up the first digit is 0.
-  Press **2** and count how many times the LED lights up. If it does not light up the second digit is 0.
-  Press **3** and count how many times the LED lights up. If it does not light up the third digit is 0.
-  Press **4** and count how many times the LED lights up. If it does not light up the fourth digit is 0.
Now you have found the 4-digit code.

Important:

- If during step 4, 5, 6 or 7 the LED does not light up at all, the digit is 0.
- Press the corresponding device key during step 1 if you want to blink back the code for another device you programmed.

Code reference

Write down the codes for your devices in the boxes below and in the battery compartment for quick and easy reference.

Volume lock

The **TelstraClear** remote comes with a "Volume Punch Through" feature. This allows you to control the TV volume also if you are in "DTV" or "DVD" mode.

"Volume Punch Through" can be cancelled for a specific mode.

To cancel the "Volume Punch Through" for DVD mode:

- 1 Press DVD.**
- 2 Press and hold down** the  key until the red LED underneath the DVD key lights up twice.
- 3 Press 9 9 3.**
- 4** Then press the **VOL (-)** key and the LED will light up four times.

To cancel the "Volume Punch Through" for all modes:

- 1 Press and hold down** the  key until the LED (underneath TV or DVD key) lights up twice.
- 2 Press 9 9 3.**
- 3** Then press the VOL (+) key and the LED will light up four times.

To restore the punch through to TV volume, being in DTV or DVD mode:

- 1 Press and hold down** the  key until the LED (underneath TV or DVD key) lights up twice.
- 2 Press 9 9 3.**
- 3** Then press the **TV** key and the LED will light up twice.

Trouble Shooting

◇ **Your brand is not listed in the code section?**

Try the search method.

◇ **The TelstraClear remote does not operate your television or DVD-player?**

A) Try all the codes listed for your brand.

B) Try the search method.

◇ **The TelstraClear remote is not performing commands properly?**

You may be using the wrong code. Try repeating the Direct Set-Up using another code listed under your brand or start the search method over again to locate the proper code.

◇ **Problems changing channels?**

Enter the program number exactly as you would on your original remote.

◇ **The TelstraClear remote does not respond after pressing a key?**

Make sure you are using new batteries and are aiming the **TelstraClear** remote at your device.
